

The scripts that *book the demo.*

Everything a Vantage rep needs to run cold outreach to real-estate agents, photographers, and Airbnb hosts — by email, Instagram DM, and voice memo. Copy, paste, personalize the [brackets], send.

The one promise we sell

The Vantage is the first agentic listing tool — it lives inside Claude and turns one listing link into a full package of cinematic reels, virtually staged rooms, and captions. We are not "an AI video app." We are the tool that *does the work for them* while they show homes.

Every message should get one idea across: **you paste a link, Claude builds the marketing.** That's the hook. Everything else is proof and a soft ask.

Voice rules (read before you send anything)

- Short. If it doesn't fit on a phone screen, cut it. 3–5 sentences for email, 2–3 for a DM.
- Specific to them. Reference a real listing, their city, their brokerage — never "Hi there".
- Lead with the transformation, not the tech. "Turn your next Zillow link into a reel in minutes."
- One ask per message. Book a 10-min demo, or send them the free link. Never both.
- No hype words: "revolutionary", "game-changing", "unlock". Say what it does.
- Always leave the door open. A "no" today is a "not yet." Be someone they'd reply to later.

Channel 3 · Voice memo (IG / WhatsApp)

Voice memos convert because they're personal and hard to fake. Keep it 30–45 seconds, smile while you talk, and say their name twice. Script it, don't read it robotically.

30 SECOND VOICE MEMO SCRIPT

"Hey [name], it's [your name] — real quick, I don't usually send these. I came across your listing at [street] and it looked great, so I made something for you. We built a tool called The Vantage where you paste a listing link into Claude and it builds you a cinematic reel in a couple minutes — no editing. I already made one from your listing, I'll drop it in the chat. If you like it, there's a free version you can try on your next one. Either way, [name], keep crushing it out there — talk soon."

15 SECOND VERSION (homemade)

"Hey [name], made you a reel from your [street] listing using our tool — sending it now. Paste a link, get a reel, that's the whole thing. Tell me what you think!"

"I already have a videographer."	"Keep them for the hero shoot. Use this for the 20 listings they can't get to — same day, a few minutes."
"AI video looks fake."	"Fair — that's why Claude reviews every clip and re-rolls the bad ones. Let me send you one from YOU."
"I don't have time to learn a tool."	"There's nothing to learn. You paste a link and talk to it like a person. I'll show you in 5 minutes."
"How much is it?"	"Starts at \$39/mo, launch-priced from \$49, and 60 free credits to start — about a full reel. Try it before y
"Send me info."	"Better — let me send you a reel from your own listing. What's the link?"
